Come explore the PREP HOUSE

(PLAN - RESPOND - EDUCATE - PREPARE)

The PREP House is a one-of-a-kind mobile classroom with portable technology that brings life safety education and real-world training situations to just about anywhere you need it to go!

This multi-use PREP House is an advanced public educational tool that can supplement your existing fire safety training and can be used for any educational program including:

- Fire and Burn Prevention
- Injury Prevention
- AED & CPR Training for the General Public
- Residential Sprinkler Awareness
- Classroom Space for training personnel in the area of public education, code enforcement and arson prevention
- Fire Extinguisher Training for the General Public
- Wildlife Prevention Programs
- General Prevention/Awareness for alarm systems, knock-box installation, address markers and other programs needed in your community
